WITHIN the LAW

CHELLE CORDERO

Within the Law

By Chelle Cordero

Tom gave up on ever falling in love again the day that he buried his high school sweetheart and fiancé. He started a career in law enforcement just so that he could find her murderer and rapist. Just when he is about to see justice done, he meets Alli Davis—the defense attorney for the murdering rapist who took his love from him. Alli and Tom share a mutual and passionate attraction but Alli refuses to make any commitments. She is hiding a huge secret. Tom falls in love with her and pursues her despite a false arrest, kidnapping and attempt on his life.

His Lucky Charm and *Within the Law* are two highly sensual, romantic and edge-of-your-seat tales. Although *His Lucky Charm* and *Within the Law* are two separate stories, they are woven together by a common thread—cousins Caitlyn Smythe and Tom Hughes. Some favorite characters appear in both novels and allow the reader to become totally absorbed into the family.

Book Club Discussion Guide

***Within the Law* by Chelle Cordero**

1) Tom Hughes is a New York State Trooper. What kind(s) of law enforcement officers are there in the area you live in? If there is more than one kind, do you know what their immediate jurisdiction and responsibilities are? In an emergency, how would you reach your local law enforcement?

2) In the story *Within the Law*, Tom is involved in a rescue (a car of teenagers goes off a bridge into the water). The rescue is successful, but Tom is taken to the hospital after swallowing water. Alli panics when she receives a phone call to pick him up at the hospital. It is often very stressful for family members of first responders (police, fire, ems) to accept that their work puts them in harm's way. Do you think you could live with that fear on a day to day basis?

3) Alli is a lawyer. She explains to Tom at one point that it is her job to make sure everyone who is accused of a crime is defended fairly and entitled to a trial by a jury of their peers. Tom has difficulty accepting this since, as law enforcement, he feels his job is to get law breakers off of the street. Television often plays on this clash between law enforcement and defense lawyers. How do you feel about it?

4) Tom Hughes' character was created in a previous book by Ms. Cordero, *His Lucky Charm* (formerly called *Forgotten*) along with other characters Caitlyn, Brandon, Sylvia and Walter. Even though the books are stand alone stories, how does it make you feel when a character "lives on" beyond the place you first met them? What are your expectations when a character makes repeated appearances in several stories?

5) Alli's first marriage ended badly – there were no children. Even though she doesn't want anything to do with her ex-husband, her parents continue the relationship with him. Do you feel this is alright? If a family member decides to continue having a relationship with an ex, what limitations and precautions make sense to protect the individuals involved.

6) Most of the story *Within the Law* takes place in the Adirondack region of New York State. The Adirondacks are known for their mountains, lakes, forests, hiking trails and charming villages; in the winter the area is a haven for skiers and known for year round fishing, camping and scenic drives. Only a few hours from major northeast metro areas, the Adirondacks are a popular vacation spot. Have you ever visited the Adirondacks? What areas near you sound like they might be an equivalent destination?

7) Sylvia and Walter Hughes raised Tom and his cousin Caitlyn. Now that the couple's children are grown and on their own (married and getting married), the senior Hughes are retired and enjoying life together. Tom is embarrassed when his mother makes it clear that she and her husband are still quite romantically involved. There's been a lot of talk lately that life (including sex) continues well on into the golden years for many. Thinking of your older relatives, how does this make you feel? Depending on your age, is sexuality important in your own life now and/or in later years?

8) Tom's behavior PRE-Alli isn't sterling. He made some decisions (such as an affair with a married woman) that even he admits were ill advised. He also is known for his temper which, for the most part, he has learned to control. If a person has "changed their ways", how much should a potential partner consider past decisions when getting involved?

Review

Where Murder and Love Collide...

... Chelle Cordero begins *Within The Law* with a great setup of murder, betrayal, and plot twists that engage the reader immediately. As I read the opening chapters, I was reminded somewhat of Scott Turow's *Presumed Innocent*. Cordero then takes a turn I didn't expect, and the opening story arc closes. In Ken Follet style, the novel subsequently explores the tragic sequence of events keeping Tom and Alli from being together. The novel is, therefore, less courtroom murder mystery and more star-crossed love story.

Cordero's writing and plot is engaging and entertaining. One is drawn to Tom and Alli and their story just as they are drawn to one another. The dialogue is real and crisp and the novel moves quickly. *Within the Law* makes a great summer beach read.

Todd A. Fonseca VINE VOICE

Within the Law audiobook is narrated by Barry Newman, professional voice artist and producer, residing in Florida. Barry also narrated and produced Chelle Cordero's *A Chance of Riches*. Barry has come to audiobook industry after years of both writing and voicing radio and TV commercials, and has this to say about his work: "I truly enjoy reading a well written story and because of my background I am always thinking about what the listener is hearing. Putting myself in that position I must admit that many times I stop in the middle of a paragraph or sentence asking myself 'Would I want to hear it that way?' – our guess is that listeners will give him a resounding YES.
